Yes, that would be great. Sue had been in touch already this morning & I told her I would keep her and Terrell in the loop. I will email her back & let her know you will be handling all that.
Thanks so much!

Hi Valois: given multiple demands for your time on DB already, I was planning to work with Bill and his staff on the pre-brief talking points, etc.

Does that work for you?

Good morning Douglas,

I talked with Anita yesterday on this. We are starting to work this up our chain to understand who from OW would be participating. I am expecting that Anita would be raising this to Jennifer later this week. I am assuming that we would have a sense who would be participating from OW by next week. I will keep you posted.

In the meantime, I have asked Sue and Terrell to reach out to Valois regarding preparing materials for a pre-brief. Once we have a sense of the level of OW engagement, we will need to start briefing up the chain to prepare for the pre-brief towards the end of the month.

Cheers

Bill

Hi Lucita: Sue was on the call and confirmed her willingness to participate (as did the OIRA folks) in the pre-brief with Greg (which Darcy supports). I will forward you what I sent Bill as background to inform talking points we will be preparing for Greg so he has a draft to review for the pre-brief. Bill will be contacting Anita/Jennifer to determine who should represent OW for the pre-brief and subsequent call with NRC by the end of July (i.e., the timeframe I proposed to Bill).

I will also be reaching out to my NRC counterpart Bill Von Till to confirm a date/time for Greg's call with his senior management.

Thanks, Lucita. Was Sue Stahle on the call? If we are going to have that call with NRC, I think we need to brief our front office – at least that was what I recall Carrie said way back when. I expect it will help us tee up the issue if we can review a draft of the R8 briefing paper before

it's finalized. Is there a schedule for completing that? If so, any chance we could squeeze in some time for review of that and coordination with our FO?

Hi Leslie – Not much follow up from Monday's meeting. Douglas just wanted to confirm that OGC wanted to be part of the pre-brief for management prior to the call with NRC. (I would say definitely!)
